Biblical Basis for Spiritual Conflict

*Biblical Basis for Spiritual Conflict* provides Biblical support for the ministry of helping to liberate persons from generational bondage. There are specific teachings on the nature of the enemy that wages war against us, how we can know there are generational issues in our lives that continue to burden us, and how to walk in victory in Christ. Careful attention is given to the subject of whether or not a Christian can be demonized. Great care is given to keep the seminar on a very practical level.

Discerning the Battle

*Discerning the Battle* is designed to provide a biblical look at what it means to use our physical senses to discern spiritual realities. This teaching examines what the biblical gift of discernment is, how to use it, and gives practical examples of ways of using this powerful gift of the Holy Spirit. *Discerning the Battle* is meant to equip the mature Christian with some of the tools necessary to minister in the mostly unseen world of blessings and curses, ministering angels, and oppressing demons.

Dream and Vision Interpretation

The report of people having dreams and visions is dramatically increasing. The number of Christian books and training courses about dream and vision interpretation is spreading rapidly around the world.

In all of the material we have seen and heard on dreams, we have seen nothing on the use of dreams and visions in generational deliverance. That is the purpose of this workshop.

This seminar will help you learn about dreams and visions and how to interpret dreams and visions in generational deliverance. We want this workshop to be very practical in helping you to minister to others through the use of dreams and visions. The seminar includes many dreams and how they can be interpreted to understand actual generational issues in a person’s life.

Spiritual Servants of the Most High God

Many of us grew up with a simple view of the spiritual world: God and Satan, angels and demons.

In the 1990's our "spiritual world view" was severely stretched.

The Lord began exposing us to spiritual beings through the process of discernment. They were "new" to us, even though the Bible taught about their existence.

Spiritual Servants of the Most High God is a seminar that leads you through the Biblical teaching about many spiritual beings and teaches you how the Holy Spirit helps you discern them through your five physical senses.
### One Day Seminars Continued

#### Tipping the Scales / Blessings and Curses

*In Tipping the Scales / Blessings and Curses*, Paul and Brian examine the biblical history of blessings and curses, how generational inheritance of blessings and curses can occur, and how we can be free from curses through the authority we have in Jesus Christ.

We highly recommend this seminar for anyone seeking higher levels of freedom through God, and for anyone who is helping others gain freedom.

#### Discerning the Battle

Discerning the Battle is designed to provide a biblical look at what it means to use our physical senses to discern spiritual realities.

This teaching examines what the biblical gift of discernment is, how to use it, and gives practical examples of ways of using this powerful gift of the Holy Spirit.

At the foundation of this teaching is the understanding that all of these gifts and abilities come from the grace of God, through our relationship with Jesus Christ ... never through our own self effort or achievements.

Meetings

A Come Up Higher Celebration
May 20-22, 2011

Come Up Higher
June 17&18, 2011

During this weekend, Paul modeled a process where all participants are encouraged to share their insights and understanding. We gained many insights both from people in the room, and from people who joined us via the internet. These sessions were a very interactive experience. During the entire weekend, Paul maintained a focus on testing all information against God's word. Much of the revelation we received is still unfolding. **Topics covered include:**

- Understanding how Satan may trade souls.
- Understanding that God intends for us to rule and reign with Christ.
- How do we gain victory over our spiritual enemies?
- What is our position within the order of Melchizedek?

**This set includes a resource CD with:**

- Copies of prophetic words given during the conference.
- List of bible verses referenced during the seminar.
- Copy of the prayer “Ruling and Reigning with Christ”
- Biblical information and images of the jewels on the Ephod.

Sharing the title of Paul L. Cox's latest book, “Come Up Higher” seminars are an invitation to allow God to bring you out of the trappings and deception of the world and closer to Him and new understandings of His truth.

Much of what’s covered in these two sessions is a continuation of the revelation that occurred during our May 20-22, 2001 meetings.
A Consuming Fire

This 90 minute DVD is unlike anything else that we have ever released. This is not Paul explaining about a spiritual being that has shown up, this is God doing something totally new and the group as a whole trying to figure it out. Many people have wondered what it looks like when Paul experiences something new, how he figures it out. This DVD will give you a chance to see firsthand.

What does the new church look like? How do we understand the new things that God is doing on a regular basis. This DVD shows a powerful experience and we believe shows a new model for how God wants to reveal things to His church.

Discernment of Spiritual Beings in the Tabernacle

This DVD shows how the Tabernacle is laid out and then Paul addresses each part of the Tabernacle and its purpose.

For those who have never gotten to attend one of our schools of ministry, this is an excellent chance to see firsthand what the schools are like and why there is such a passion in people’s hearts for them.

We have also included on the DVD Balance in Discernment; a frank discussion about balancing keeping unity in the Church with addressing evil intentions that some may try to bring into the flock. There were several ministers with years of experience that were able to share some valuable insight into how to deal with situations in a Biblical manner.

Delta: A Time For Change

In physics, “Delta” represents change. In this message, Paul explains how discerning Delta can help us understand how God wants to bring change into our lives. God’s change brings freedom, healing, and much more!

Entering the Rest of the Lord

In this message, Paul shares how God desires that we abide in His rest at all times.
Hearing God’s Voice

This seminar grew out of questions I was asked about the fundamentals of the gift of prophecy, dreams, visions, and how to deliver and interpret prophetic words.

Here are the topics discussed in this message:

- What is the gift of Prophecy?
- Is there a difference between Old Testament prophets and New Testament Prophets?
- How much do prophets know?
- Is there a difference between Biblical prophets and psychics?
- How do you judge prophets?
- What are some of the pitfalls of prophecy?
- Is there timing for prophecy?
- How do you deliver prophetic words?
- What are the basics of interpreting dreams and visions?
- Are there reasons why God does not speak to us at times?

Lord, Show Me Your Glory

“While preaching through the book of Exodus as a Baptist pastor, I was stunned with I came to those words of Moses, “Lord, show me your glory.” I had no idea that one day I would actually experience His glory and the wonder of his creative beings called the Cherubim.” This is my journey of discovering the tangible Glory of God.”

~Dr. Paul L. Cox

Melchizedek and the Gift of Discernment

Melchizedek comes on the scene in Genesis 14:18, seemingly out of nowhere. He brought Abram bread and wine, and then Melchizedek is not mentioned until Psalm 110:4. At first it would seem that this king of Salem is a mere footnote. That is, until you consider Hebrews 5:10&11.

Join Paul Cox as he explains who Melchizedek is, and how this all ties together with discernment, and the full freedom we have through Jesus Christ.

Heavenly Assembly

There are Numerous, recent account of current-day prophets who have participated in council from the Lord, actually going into court in heavenly places. This is a concept that is new to many, if not to most of us. But the Bible does say we are seated with Christ in Heavenly places (Ephesians 2:6), and there are a multitude of passages that speak of such councils. There is also evidence in the scriptures that the Lord is interested in hearing our complaints. God moved powerfully in the lives of those attending two of our recent conferences when we were led to enter into His court.

In this message, Paul L. Cox shares some of the detail, along with corroborating scriptures, of our heavenly court experience.
Neither Male or Female in Christ

Join Brian Cox as he explores the word of God and explains that God does not decide leadership roles based on gender.

Rulers

It appears that what decisions are made at the throne of God, these decisions are then declared by the rulers at the table of shewbread.

In this message, Paul shares on his understanding of the Tabernacle and the spiritual beings called rulers.

The Depth

When parts of us exist in the ungodly depth, we can find it very difficult to worship, experience joy, and even find satisfaction in life.

In this message, Paul teaches on our biblical understand of the depth and how to gain freedom through Jesus Christ from the ungodly depth.

Revelation of the Morning Star

In this message, Paul talks on the subject of Godly spiritual protection, and a type of created spiritual being called a star.

Ruling and Reigning with Christ

This message shares our Biblical understanding of God's intention for us all to reclaim our positions as royalty under Christ.

The Furnace of the Lord

We understand from Malachi 3:2 that God is like a refiner’s fire. In this message, Paul shares his understanding of how God sends His furnace to us in order to purify, heal and free us from burdens.
Using the Gift of Discernment

This seminar will help you understand and develop the gift of discernment, particularly as it is applied in ministry to others for healing and deliverance.

It is strongly suggested that Dr. Cox's seminar titled "Discerning the Battle" be studied prior to this message in order to understand the various ways that God speaks through our physical senses.

You Can Go to the Tabernacle

It happened one Sunday night in Honolulu, Hawaii. I was just starting to speak and I discerned a fire in front of me. It was a new experience so I stopped and asked what people were seeing. A friend came up to me and said he saw the Laver. I know the bronze altar was in front of me. I then instantly knew it was the Tabernacle in front of the church.

What was next? I had a thought... we can walk through the Tabernacle. The invitation was made and the people started walking from the gate to the Holy of Holies. The results were dramatic as people experienced the power of the presence of the Lord.
